

Ethics Challenge Question #1:

Question: What might prove a problem in a country so diverse as the U.S. with regards to Nonconsequentialist theories?

The Expert's Response:

Divine Command requires a high degree of interpretation skills.
Nonconsequentialist theories can be rigid and ignore outcomes.

Were you correct? If so, great deduction! If not, keep trying to analyze what could prove a problem when applied to a real life scenario in your own life or that of someone you know. This will help you better understand the implications of applying these theoretical approaches.
