Unit 6 Final Project: Global Credit Crisis Topical PowerPoint®

The Final Project on the Global Credit Crisis is due at the end of this Unit.

The topic written about may be any topic covered in the textbook chapters covered in the course. The quality critical analysis should be provided regarding the chosen topic from your course readings. Make sure to include various perspectives, plenty of research citations, critical analysis, examples, and application of the material. Remember PPT are annotated and not written papers. Well document your sources and reference page. Follow the rubric for quality assessment.

Submit your Final Project to the Dropbox.

The following are some additional guidelines and clarifications for the course project.

1. The total slide count of 25 does not include title slide, table of contents slide, and references slide(s).
2. The slides should be bullet points with supporting comments in the notes pane section of the slides.
3. Be sure to answer each part of the question in detail to achieve maximum points.
