GF530: Financial Statement Analysis | Unit 5 Assignment 2

Assignment: Final Project – Finalize your Financial Analysis

This assignment will be used to assess:

Course Outcome **GF530-4:** Integrate information gained from financial analysis and development and implementation of strategic plans.

Professional Competency **PC-5.1:** Use language that is clear, concise, and organized.

- Finalize the financial analysis of your selected company. To include the following sections:
  - Executive summary
  - Company/industry description
  - Findings (this is your discussion of the ratio chart provided in week 3. This section should be at least 50% of your total paper).
  - Assumptions
  - Crucial factors
  - Research and include in your analysis any current events that might affect your analysis.
  - Conclusion (to be completed for the final revision due in week 5)

- Finalize the conclusion section of your report. The conclusion should be based on the discussion of your findings. How do they compare to the company you have chosen to the industry and the competitor?
- Incorporate any feedback received from your instructor on your draft submitted in Unit 4.

  Submit your Word document with your overview, including references, to the Unit 5 Assignment 2 Dropbox.

Once completed, one Word® file, including a title page, should be submitted to the Unit 5 Assignment 1 Dropbox. Assignments are due Tuesday 11:59 p.m. ET of their assigned unit.
