

### Crime Scene Evidence Collected

**Paint Chip:** 1cm green paint chip collected near tire tracks.

**Imprint:** Tire tracks were recovered in the driveway allegedly from a getaway vehicle.

**Trace:** A dirt sample was collected from inside the house near a broken window.

**Bodily fluid:** A piece of chewing gum was found inside the possible getaway car.

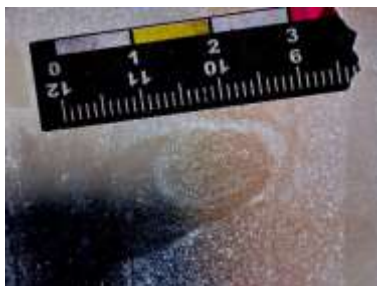

**Tool marks:** A lock on the garage door looked tampered with and impressions were made of the marks.

**Hair and Fibers:** Synthetic fibers and a hair with an intact root were recovered from the possible getaway car.

**Finger print:** Prints were collected from a piece of glass found at scene.

**Impression:** Shoe print recovered from soil outside of the garage.

**Glass:** Particles thought to be broken glass were recovered from the scene.
